# BUYERS GUIDE

*2027 SEASON*

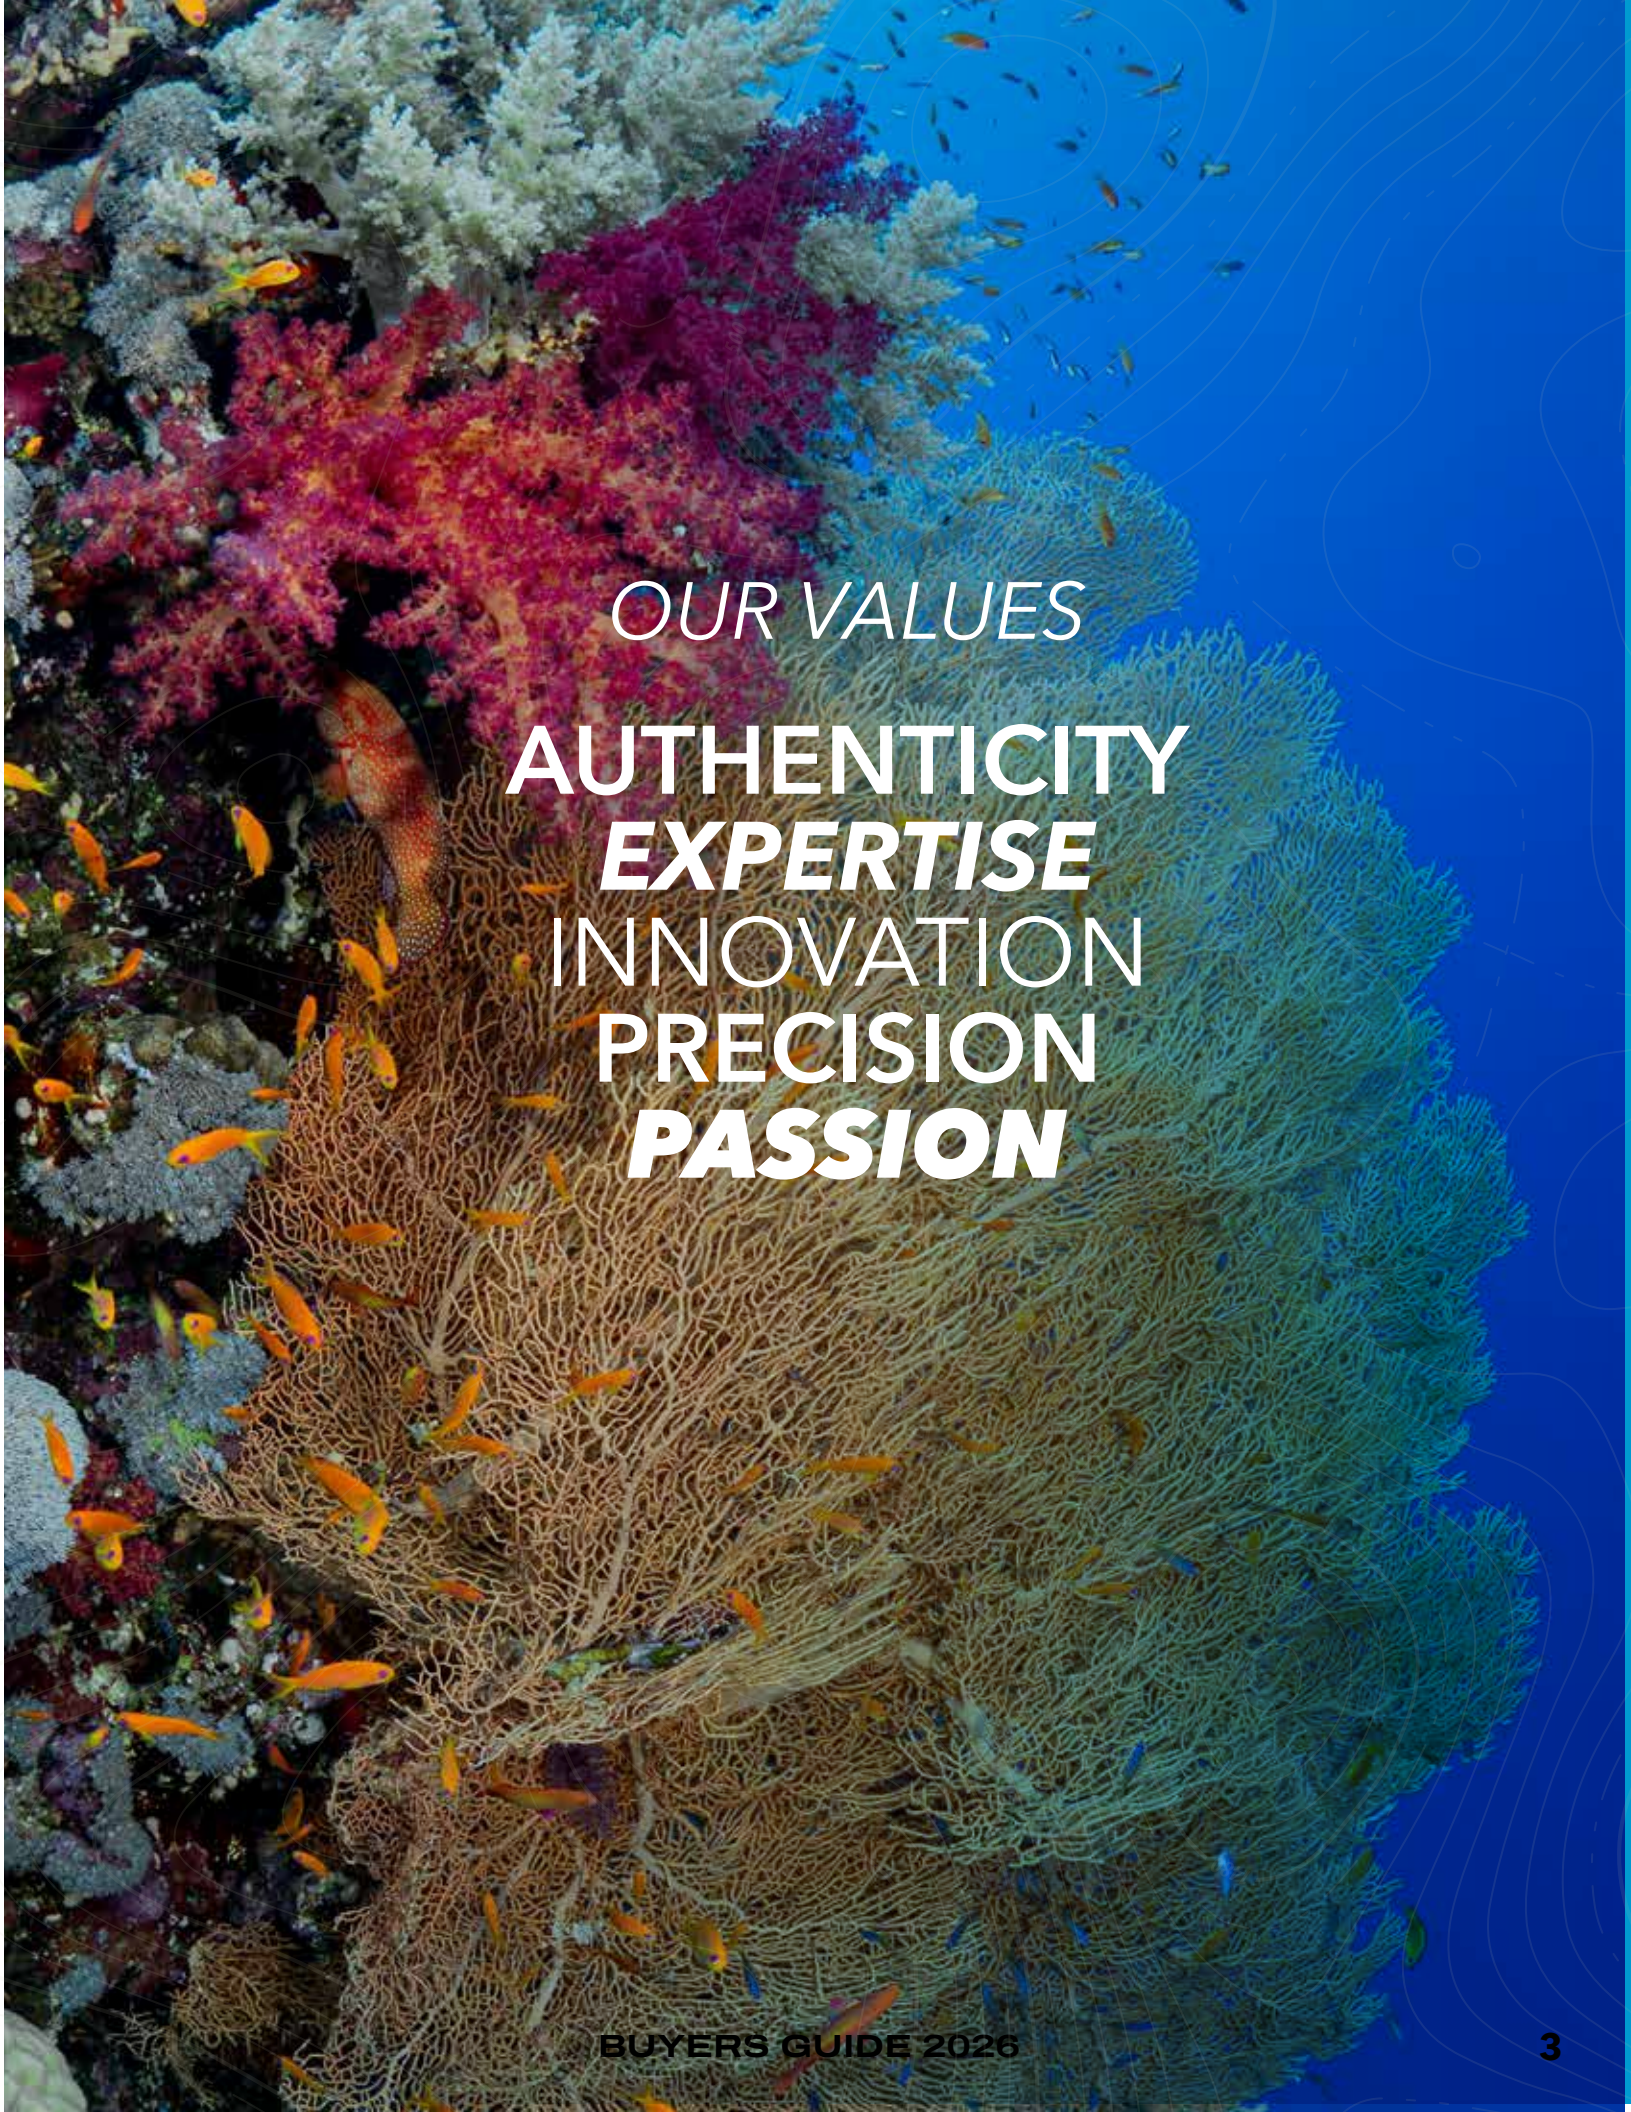

At U.S. Divers, we don't just make underwater gear. We create instruments of discovery, designed with purpose, built with precision, and tested in the world's most demanding environments. We understand that a mask isn't just a mask, it's your window to another world. A snorkel isn't just a snorkel, it's your lifeline to effortless exploration. Fins aren't just fins, they're your connection to the rhythm of the ocean. Every piece matters. Every detail counts. Our story begins with a genuine passion for the underwater world and continues through decades of innovation, craftsmanship, and dedication. We honor our heritage by carrying forward the pioneering spirit that first put U.S. Divers on the map, using the lessons of our past to shape the technology and design of the future. True expertise isn't about chasing trends; it's about setting standards that earn trust, empower explorers, and unlock unforgettable experiences. From first-time snorkelers to seasoned adventurers, we equip every journey with gear that performs when it matters most, because discovery deserves nothing less.

# 75 YEARS OF INNOVATION

## 1952

### RENÉ BUSSOZ

René Bussoz acquires first rights in United States to sell Aqua Lung products exclusively out of Rene Sports in Los Angeles under name U.S Divers.

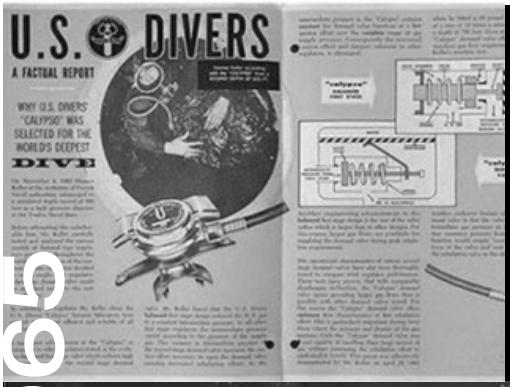

## 1956

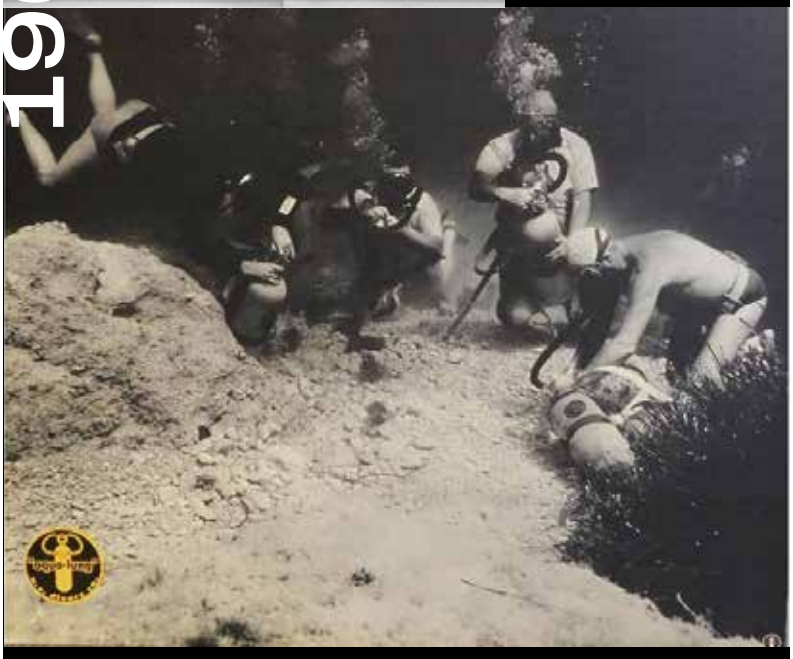

Air Liquide acquires U.S. Divers, marking the beginning of the company's international expansion leading to offices in multiple countries including Japan, Germany, the United Kingdom and Australia.

## 1965

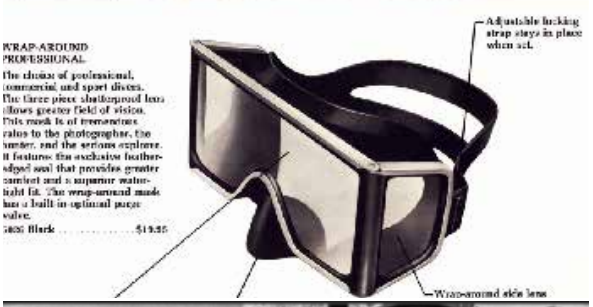

U.S Divers releases a series of regulators that becomes the foundation for all Aqualung Regulators moving forwards

U.S Divers introduces the Conshelf IV regulator and the 2-hose Royal Master

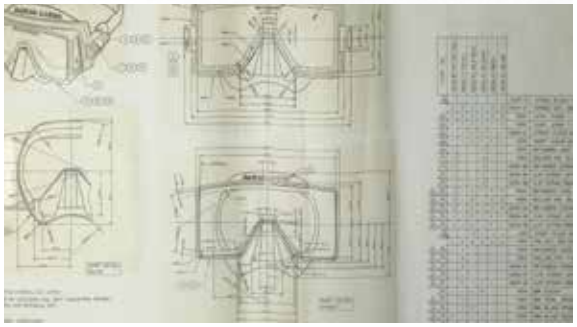

1970

U.S Divers expands their brand to sell snorkels making underwater exploration accessible to everyone

1970

AQUA LUNG
U.S. DIVERS

U.S. DIVERS

Consolidation of brands under the one Aqua Lung brand name, combines Spirotechnique, U.S. Divers, SeaQuest, Deep see and Technisub. The black and yellow is replaced with the blue wave.

2000

U.S. Divers honors longtime partnership with the U.S. Government, researching and developing products for US allies & the US NAVY.

2016

Air Liquide sold Aqua Lung International, including Aqua Lung America, and U.S. Divers to Montagu Private Equity

U.S. DIVERS

GLOBAL LEADERS IN SNORKELING

U.S. DIVERS VACATION STARTS NOW

SNORKEL MORE

2026

**ICON**
Our globe-and-wave logo reflects U.S. Divers' worldwide reach and spirit of exploration. The wave cutting across the center symbolizes adventure above and below the surface.

**WORDMARK**
The bold, military-inspired font reflects U.S. Divers' heritage, symbolizing the durability, trust, and proven performance that have defined the brand since its earliest days.

U.S. DIVERS

The U.S. Divers brand was sold to Aqua Master Sporting Technology in 2024, a California-based company

# SANDWICH PACKAGING

The new sandwich-style packaging reduces plastic use while delivering a fresh, modern look across masks and combos. Clear icons and simple storytelling highlight product benefits, price points, and skill levels, making it easy for customers to compare options and find the right gear for every adventure

### YOUTH
Sized smaller for younger explorers, with fresh green packaging to symbolize vitality, growth, and endless possibilities.

### EXPLORER
Our entry-level gear, built for new snorkelers at an accessible price. The blue color represents trust, reliability, and quality, setting the stage for every adventure ahead.

### SPORT
A step up in performance and technology for more experienced users. Yellow embodies energy and innovation, making this the ideal mid-price option for growing skills.

### PRO
Our premium line, engineered for peak performance and advanced features. Black signals sophistication, luxury, and cutting-edge technology at the top of our range.

***Mesh bag** included in Pro combos ONLY*

### SEGMENTATION BAR
Helps customer quickly discern what products will best match their skill level

### NEW ICONS
Help to inform and educate the customer quickly what the features and benefits of the product

### SANDWICH PACK
Reduces plastic and maintains product visibility

### PRODUCT PLACEMENT
Mask and snorkel arranged to best showcase products and decrease plastic use

### GRAPHIC PAPER CARD
Rich and Vibrant image to sell the dream to the customer

### PRODUCT NAME
The tropical product names are designed to inspire the snorkeling lifestyle, evoking sun, sea, and exploration to make the products feel like part of the journey

# NEW ICONS

We've developed a new set of easy-to-read icons to help customers quickly understand the features and benefits of our products. Each icon is thoughtfully designed to communicate important details at a glance, making gear selection simpler and more intuitive. By providing these clear visual guides, we're not only helping customers make informed choices, but also supporting their learning and confidence in the water. Our goal is to educate, enhance every experience, and inspire a deeper love for the sport, one adventure at a time.

# BAGS SET PACKAGING

Designed with quality, comfort, and ease in mind, these bags make carrying your gear simple and reliable. From durable materials to thoughtful details, every feature is built to protect your equipment and make travel effortless.

## GEAR BAG

Sized for both youth and adult, this entry-level bag is perfect for casual users. Featuring a utility pocket for essentials and a padded shoulder strap for comfort, it's an easy, reliable way to carry snorkel gear.

1. **SHOULDER STRAP**
   *Comfortable carry with padded support*
2. **ZIPPER**
   *Secure, easy, quick access closure*
3. **UTILITY POCKET**
   *Extra storage for small essentials*
4. **MESH**
   *Drains water, dries gear fast*
5. **300 D**
   *Strong, lightweight, long-lasting material*

## TRAVEL BAG

A step up from the standard gear bag, the Travel Bag is built with sturdy 600D material and reinforced piping for added structure, perfectly designed to handle trips and keep your snorkel gear protected on the go.

1. **SHOULDER STRAP**
   *Comfortable carry with padded support*
2. **ZIPPER**
   *Secure, easy, quick access closure*
3. **UTILITY POCKET**
   *Extra storage for small essentials*
4. **MESH**
   *Drains water, dries gear fast*
5. **RUBBER COATED MESH**
   *Reinforced mesh for long-lasting use and easy drainage*
6. **600 D**
   *Heavy-duty fabric for tough use*
7. **PIPING**
   *Reinforced edges for lasting durability*

# PRO BAG

Built at the top price point, the Pro Bag delivers premium durability, smarter features, and superior performance, making it the best choice for serious snorkelers.

**1 SHOULDER STRAP**
*Comfortable carry with padded support*

**2 ZIPPER**
*Secure, easy, quick access closure*

**3 UTILITY POCKET**
*Extra storage for small essentials*

**4 MESH**
*Drains water, dries gear fast*

**5 RUBBER COATED MESH**
*Reinforced mesh for long-lasting use and easy drainage*

**6 600 D**
*Heavy-duty fabric for tough use*

**7 PIPING**
*Reinforced edges for lasting durability*

**8 DAISY CHAIN**
*Reinforced edges for lasting durability*

**9 9 IN UTILITY POCKET**
*Large pocket for simple storage*

# MASK TECHNOLOGY

Our masks combine decades of proven design with modern innovation, refining trusted features from the past to deliver clearer vision, better comfort, and improved performance for today's snorkelers.

## POLYFLEX

A durable PVC material that balances comfort and strength. Flexible yet resilient, it provides a secure fit and lasting performance in the water. Found in Explorer and Youth series

## ANTI-FOG LENS

Our polycarbonate lenses feature a durable anti-fog coating that keeps your view clear and consistent, ensuring you can focus on the underwater world without constant adjustments.

## M6 COREGLASS

Tempered glass rated at M6 on the Mohs scale for hardness, offering scratch-resistant durability and crystal-clear underwater vision.

## SILICONE

Soft, flexible, and long-lasting, silicone offers a superior watertight seal and all-day comfort while resisting wear, cracking, and UV damage. Found in Sport, Pro and Youth series.

## FRAMELESS

A lightweight design with the lens bonded directly to the skirt, offering a wider field of view, low volume, and easy packing.

## FABRIC STRAP

A fabric strap gives your mask a softer, more comfortable fit, prevents hair from snagging, and stays secure in and out of the water.

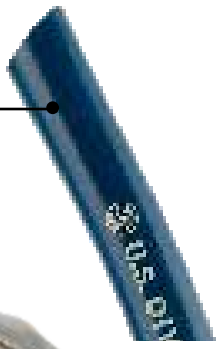

# SNORKEL *TECHNOLOGY*

Snorkel design has evolved through years of testing and refinement, taking proven features from the past and improving them with modern innovation. From advanced dry-tops to easier clearing and more comfortable mouthpieces, today's snorkels make every breath smoother, safer, and more enjoyable in the water.

## OPEN BARREL

An open-barrel snorkel offers a wide, unobstructed airway for easy breathing and quick clearing, making it ideal for relaxed surface swimming and freediving.

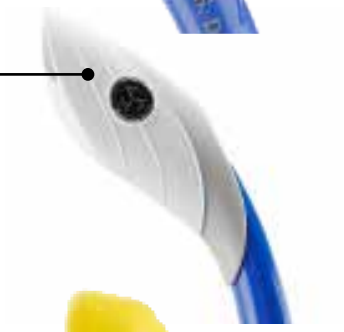

## SPLASH GUARD

A splash guard snorkel features a protective hood at the tip that deflects surface spray and reduces water entry for a drier, more comfortable breath.

## HINGE DRY-TOP

A hinge dry-top snorkel uses a pivoting valve to seal out water when submerged, then quickly reopens at the surface for effortless breathing.

## SUBMERSIBLE DRY-TOP

A submersible dry-top snorkel uses a buoyant valve that seals the airway when submerged, blocking water entry, then automatically reopens at the surface for easy, immediate breathing.

## FLEX SECTION

A soft, bendable lower tube that moves with you, keeping the mouthpiece comfortable and out of the way when not in use.

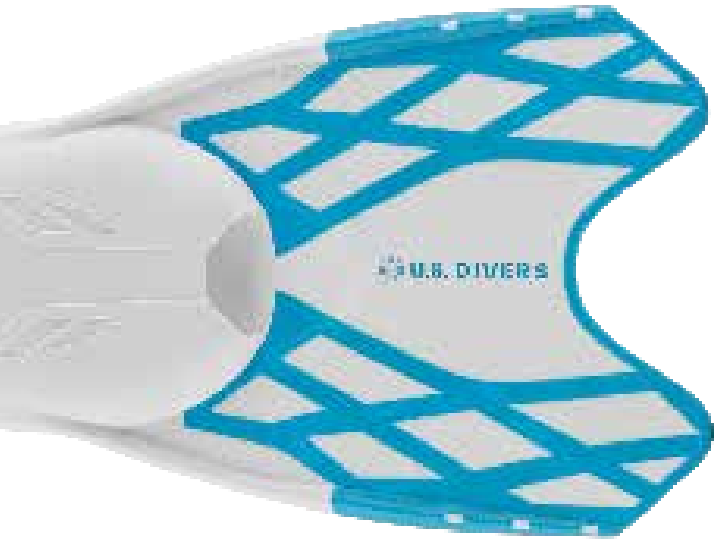

## PURGE

A purge valve at the base of the snorkel allows water to be easily expelled with a quick exhale, keeping breathing clear and effortless.

# FIN *TECHNOLOGY*

Built to maximize performance, our fins reduce fatigue and enhance agility for a more natural underwater experience.

## DUAL COMPOSITE BLADE

Dual composite blades combine flexible and rigid materials to deliver both power and efficiency. The stiff sections channel water for strong thrust, while the flexible areas provide smooth motion, reducing effort and helping you swim faster with less fatigue.

## WATER CHANNELS

Water channels on fins help guide water smoothly with each kick, increasing thrust while reducing drag. This design makes swimming easier, more efficient, and less tiring, so you can move through the water with power and control

## HINGEFLEX

Hinge-flex fins are designed to bend and spring back with each kick, reducing strain on your legs while boosting efficiency in the water. This technology makes swimming easier, helps conserve energy, and lets you explore longer with less fatigue.

# *ADULT*
# COMBOS

# SAYULITA*COMBO*

**BLACK/GREY** *SC6101000*

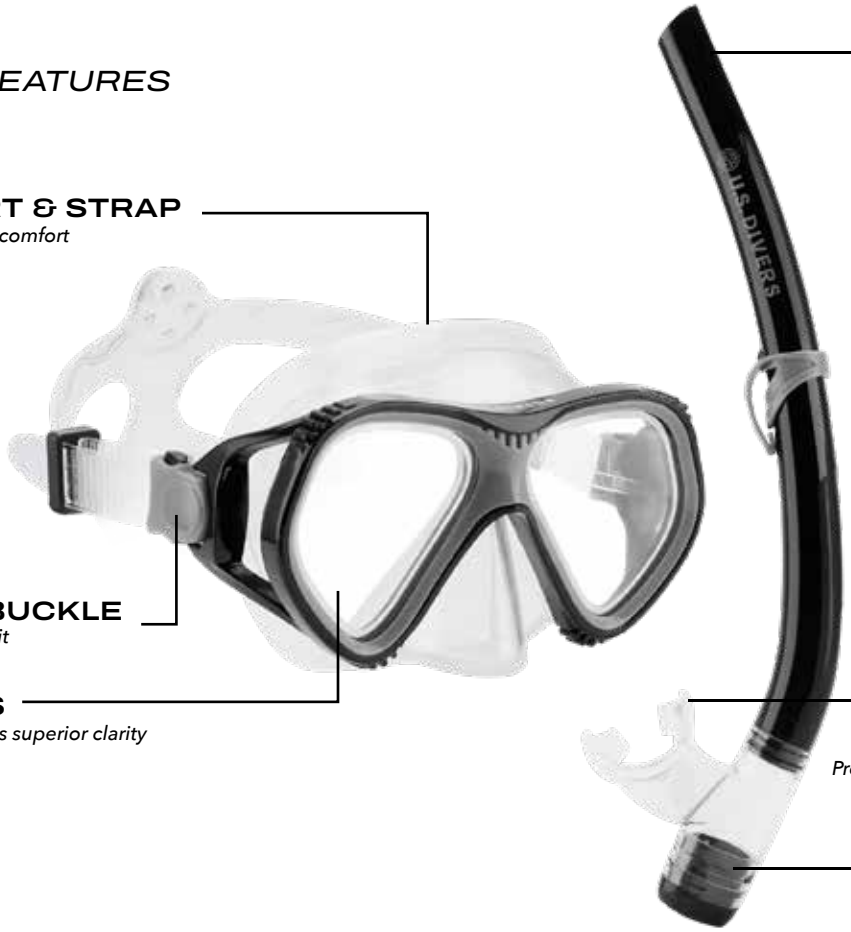

**SAND/NAVY** *SC6101005*

The **Sayulita Combo** has a poly-flex skirt and strap that create a comfortable, watertight seal, while the easy-adjust buckle ensures a quick, secure fit. Paired with an open-barrel snorkel for effortless breathing, plus a purge valve and poly-flex mouthpiece, this set keeps you comfortable and focused on exploring the water.

## TECHNICAL*FEATURES*

**OPEN BARREL**
*Provides easy clearing*

**POLYFLEX SKIRT & STRAP**
*Provides watertight seal and comfort*

**EASY ADJUST BUCKLE**
*Provides a custom leak-free fit*

**M6COREGLASS**
*Tempered glass lens provides superior clarity*

**POLYFLEX MOUTHPIECE**
*Provides water tight seal and comfort*

**PURGE**
*One way purge valve allows for easy clearing*

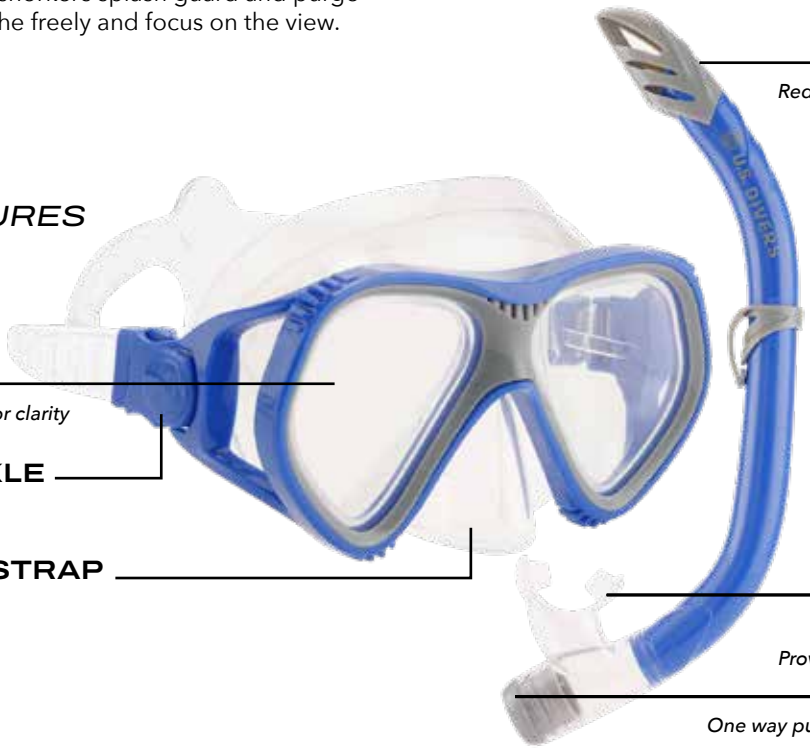

# CORTEZ *COMBO*

| | |
|---|---|
| **NAVY/SAND** | *SC4101000* |
| **BLUE/GREY** | *SC4101005* |

The **Cortez Combo** is your passport to easygoing days on the water. A polyflex skirt and strap with easy-adjust buckles keep your mask secure as you explore, while the snorkel's splash guard and purge valve let you breathe freely and focus on the view.

## TECHNICAL *FEATURES*

**M6COREGLASS**
*Tempered glass lens provides superior clarity*

**EASY ADJUST BUCKLE**
*Provides a custom leak-free fit*

**POLYFLEX SKIRT & STRAP**
*Provides watertight seal and comfort*

**SPLASH GUARD**
*Reduces splashes from entering tube*

**POLYFLEX MOUTHPIECE**
*Provides water tight seal and comfort*

**PURGE**
*One way purge valve allows for easy clearing*

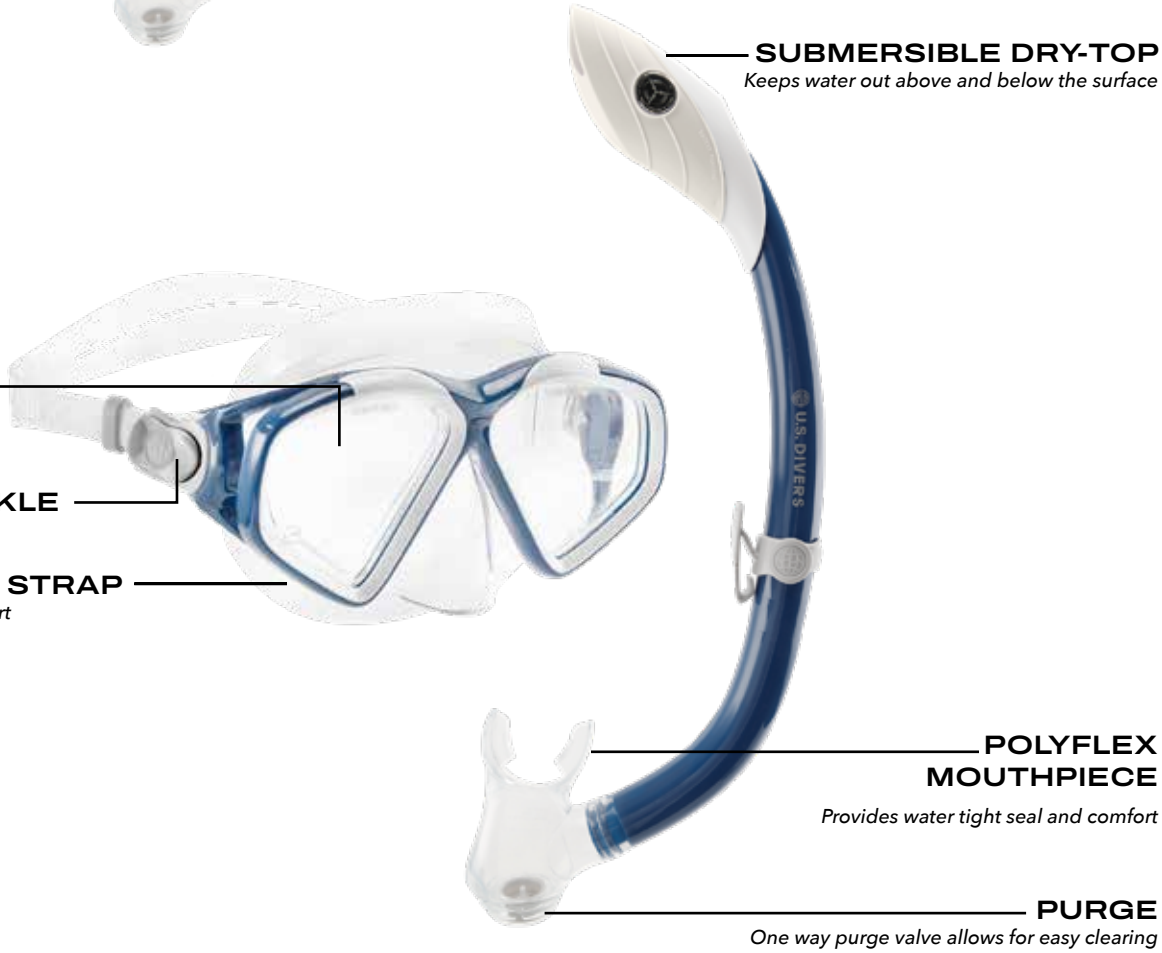

# LA PAZ *COMBO*

| | |
|---|---|
| BLUE/WHITE | *SC4201000* |
| NAVY/SAND | *SC4201005* |

The **La Paz Combo** built with a soft poly-flex skirt for comfort and an easy-adjust buckle for a secure fit, this set pairs with a hinge-top snorkel that keeps water out even when submerged, so you can dive in and lose yourself in the beauty below the surface.

## TECHNICAL*FEATURES*

**M6COREGLASS**
*Tempered glass lens provides superior clarity*

**EASY ADJUST BUCKLE**
*Provides a custom leak-free fit*

**POLYFLEX SKIRT & STRAP**
*Provides watertight seal and comfort*

**SUBMERSIBLE DRY-TOP**
*Keeps water out above and below the surface*

**POLYFLEX MOUTHPIECE**
*Provides water tight seal and comfort*

**PURGE**
*One way purge valve allows for easy clearing*

# BELIZE *COMBO*

BLACK/TEAL *SC4901000*

BLACK/SILVER *SC4901010*

The **Belize Combo** is built for effortless days in the water. A soft silicone skirt and strap with quick-release and easy-adjust buckles keep the fit comfortable as you drift along the surface. The snorkel's silicone mouthpiece, dry-top, and purge valve let you breathe with ease while you take in every detail below.

## TECHNICAL *FEATURES*

CLUB
SUNNY

# WELCOME *to the* CLUB!

Club Sunny is for kids who never want to get out of the water, the ones drawn to the sun, the splash, and the feeling of being completely in it. Born under bright skies and built for endless summer days, Club Sunny is all about chasing sunshine, riding waves, and turning every swim into an adventure, at the pool, at the beach, and everywhere in between.

From the first splash to the last dive, we create gear that builds confidence, encourages play, and keeps up with every moment in the water. For kids who play hard, laugh loud, and are always ready to jump in, swimming, diving, and exploring what's beneath the surface.

*Stay Sunny!*
